It's easy to use!

Monty's Hay-Now...
to maximize your potential for
quality hay, additional cuttings,
and extended grazing!

MONTY'S HAY-NOW... FOR HAY & PASTURES!

- Foliar applied, readily available plant food. Both can be applied with herbicide.
- 7-9-5 analysis with Sulfur, Iron and Zinc.
- Promotes root development for sustainability and plant growth.
- Reduces compaction from cattle, while promoting root development and moisture retention.
- Promotes conversion of organic matter, releasing nutrients to your hay crops and pastures.
