

MULTIPLICITY™

GUARANTEED ANALYSIS

CONTAINS NON-PLANT FOOD INGREDIENTS

SOIL AMENDING ACTIVE INGREDIENTS:

Azospirillum Brasilense	1x10 ⁷ CFU/gm
Bacillus Altitudinis	1x10 ⁸ CFU/gm
Bacillus Amyloliquefaciens	1x10 ⁷ CFU/gm
Bacillus Licheniformis	1x10 ⁷ CFU/gm
Cellulomonas Cellasea	1x10 ⁷ CFU/gm
Pseudomonas Fluorescens	1x10 ⁷ CFU/gm
Pseudomonas Putida	1x10 ⁸ CFU/gm
Pseudomonas Stutzeri	1x10 ⁸ CFU/gm
Streptomyces Albidoﬂavus	1x10 ⁵ CFU/gm
Inert Ingredients	95%

NOTICE

Do not mix with fungicides. Do not mix with copper or zinc concentrations greater than 10%. Use within 24 hours of mixing with water, chemicals or other products.

PRODUCT DESCRIPTION

Multiplicity is a unique package of microbial strains designed to enhance soil conditions which will promote early root development, help fix nitrogen, and make phosphorus available – throughout the growing season.

DIRECTIONS FOR USE

This packet will treat 40-acres. If applying to less than 40 acres, apply at a rate of one (1) teaspoon (5 cc) per acre. Dilute the appropriate amount of Multiplicity in water. After mixing, add to your tank. Multiplicity can be applied as a pre-plant, pre-emergence soil spray, in furrow, or 2x2. For more information, contact your Monty's representative.

USE WITHIN TWO YEARS OF THE DATE BELOW

Monty's products are recommended as supplements to your current farming practices and are not recommended to replace the nutrients typically added to the soil. We suggest taking a soil and/or tissue test, have a qualified independent lab analyze the samples to determine nutrient levels in your soils and plants, and then follow the recommendations of a qualified CCA, agronomist or dealer.

When tank mixing any Monty's products with other farm chemicals, always read and follow the label directions of the chemical(s) you are considering and administer a jar test and/or a strip test before adding Monty's to your tank mix. When mixing with other farm chemicals, tank mix Monty's only after diluting the chemical according to label directions. Knowing the chemical's "mode of action" (block photosynthesis) or metal content (copper based) will help determine the compatibility of Monty's.

Storage and Handling

Use within 24 hours of mixing with water, chemicals or other products. Keep container closed when not in use. Avoid freezing. Products containing organic materials may settle and should be shaken or stirred if stored. Products containing living organisms should not be stored in direct sunlight or allowed to freeze; should not be carried over from one year to the next; and should be used during the growing season in which it was purchased. Store in a cool, dry place. Refer to the SDS for other safety and handling information.

Limited Warranty

Monty's warrants that this product meets its manufacturing specifications. If it does not, Monty's will, at its option, replace the product or refund the purchase price. In no event shall Monty's be liable for special, incidental or consequential damages or for damages in the nature of penalties. Monty's shall not be liable in any way for claims resulting from any use of this product which is not in strict accordance with all directions, cautions and warnings on the label or labels. For products containing living organisms, this warranty is limited to the "use by date" on the label.

FOR COMMERCIAL USE ONLY. KEEP OUT OF REACH OF CHILDREN. HARMFUL IF SWALLOWED. AVOID CONTACT WITH SKIN, EYES, OR CLOTHING.
