

HUMI-TILL®

GUARANTEED ANALYSIS

SOIL AMENDING ACTIVE INGREDIENTS:

Bacillus amyloliquefaciens -1	2.2 x 10 ⁷ CFU/ml
Bacillus subtilis -3	2.2 x 10 ⁷ CFU/ml
Bacillus subtilis -4	2.2 x 10 ⁷ CFU/ml
Humic Acids	1%

Derived from Brown Coal

Other Ingredients (Water) 98%

Warning. May cause irritation to skin, eyes, and respiratory tract.

PRODUCT DESCRIPTION

Humi-Till's unique blend of specific microbes and humics will help stimulate the soil biology to break down residue and convert nutrients within 45 days.

DIRECTIONS FOR USE

Mix 3-4 quarts of Humi-Till in a minimum of 10 gallons of water per acre. Application rates and the number of applications necessary will vary with soil conditions and the amount of crop residue. Once diluted, product must be used within 24 hours. If soil temperature is below 45°F, performance is significantly reduced. For faster results, apply with 1-3 gallons of liquid nitrogen per acre.

NOTICE

Use within 24 hours of mixing with water, chemicals or other products. Product should be used during the growing season in which it was purchased and should not be carried over from one year to the next.

Net Contents - 275 US Gal (1,040.98 Liters)
Net Weight - 2,317 Lbs (1,051.3 Kg)
8.43 Lbs/Gal at 68° F

Monty's products are recommended as supplements to your current farming practices and are not recommended to replace the nutrients typically added to the soil. We suggest taking a soil and/or tissue test, have a qualified independent lab analyze the samples to determine nutrient levels in your soils and plants, and then follow the recommendations of a qualified CCA, agronomist, or dealer.

When tank mixing any Monty's products with other farm chemicals, always read and follow the label directions of the chemical(s) you are considering and administer a jar test and/or a strip test before adding Monty's to your tank mix. When mixing with other farm chemicals, tank mix Monty's only after diluting the chemical according to label directions. Knowing the chemical's "mode of action" (block photosynthesis) or metal content (copper based) will help determine the compatibility of Monty's.

Storage and Handling

Use within 24 hours of mixing with water, chemicals or other products. Keep container closed when not in use. Avoid freezing. Products containing organic materials may settle and should be shaken or stirred if stored. Products containing living organisms should not be stored in direct sunlight or allowed to freeze; should not be carried over from one year to the next; and should be used during the growing season in which it was purchased. Store in a cool, dry place. Refer to the SDS for other safety and handling information.

Limited Warranty

Monty's warrants that this product meets its manufacturing specifications. If it does not, Monty's will, at its option, replace the product or refund the purchase price. In no event shall Monty's be liable for special, incidental or consequential damages or for damages in the nature of penalties. Monty's shall not be liable in any way for claims resulting from any use of this product which is not in strict accordance with all directions, cautions and warnings on the label or labels. For products containing living organisms, this warranty is limited to the "use by date" on the label.

FOR COMMERCIAL USE ONLY. KEEP OUT OF REACH OF CHILDREN. HARMFUL IF SWALLOWED. AVOID CONTACT WITH SKIN, EYES, OR CLOTHING.
