

Monty's unique starters are the key to a successful growing season!

PREMIUM BLEND

Premium Blend is a pop-up designed to get the seed out of the ground quickly to maximize a plant's development. Consider the advantages:

- Uses 100% orthophosphate for rapid plant availability and a quicker start.
- Contains Monty's unique, activated humic technology.
- 6-24-6 with 1% Sulfur and .05% EDTA Zinc.
- Helps address stress earlier in the season leading to higher yields.
- Easier on your soil – contains no urea.
- Sulfur and Zinc help increase the plant's stamina.
- Complete package of nutrients, for fewer mixing issues and more value.
- Can be applied in-furrow, 2x2, foliar or y-drop on corn, beans, and other crops.
- Won't damage the seed when applied according to label.

ACTIVE INGREDIENTS

Total Nitrogen (N)	6%
Available Phosphate (P ₂ O ₅)	24%
Soluble Potash (K ₂ O)	6%
Sulfur (S)	1%
Zinc (Zn).....	.05%
Non-plant food ingredients:	
Humic Acid025%

Do not mix with UAN.

ELITE BLEND

Elite Blend is a pop-up designed to get the seed out of the ground quickly to maximize a plant's development. Consider the advantages:

- Uses 100% orthophosphate for rapid plant availability and a quicker start.
- Contains Monty's unique, activated humic technology.
- 5-20-9 with 1% Sulfur and .05% EDTA Zinc for plant stamina
- Helps address stress earlier in the season leading to higher yields.
- Easier on your soil - contains no urea.
- Stores well in cold climates and has a freeze point of -10° F.
- Complete package of nutrients, for fewer mixing issues and more value.
- Can be applied as a starter in-furrow, 2x2, foliar or y-drop on corn beans, and other crops.
- Won't damage the seed when applied according to label.

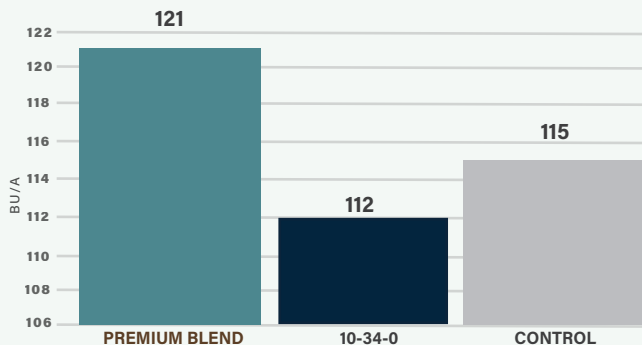

ACTIVE INGREDIENTS

Total Nitrogen (N)	5%
Available Phosphate (P ₂ O ₅)	20%
Soluble Potash (K ₂ O)	9%
Sulfur (S)	1%
Zinc (Zn).....	.05%
Non-plant food ingredients:	
Humic Acid	0.1%

Do not mix with UAN.

Research shows the difference starting with Premium Blend!

MONTY'S PREMIUM BLEND YIELDS HIGHER THAN 10-34-0

Yield in bushels per acre of corn.

Application Rate
Premium Blend - 4gal/a
10-34-0 - 5gal/a

ADD MONTY'S PREMIUM BLEND FOR HIGHER YIELDS!

Yield in bushels per acre of soybeans.

Application Rate
Premium Blend - 2gal/a

Ask your Monty's representative about adding Humic to your starters for an even better start to your growing season!

6-18-6, 1S .05ZN

A starter designed to get the seed out of the ground quickly to maximize a plant's development.

- Uses 100% orthophosphate for rapid availability and a quicker start
- 6-18-6 with .05% Zinc and 1% Sulfur
- Helps address stress earlier in the season leading to higher yields
- Convenient package of nutrients allows for fewer mixing issues and more value
- Can be applied in-furrow, 2x2, foliar or y-drop on corn, beans, and other crops.

ACTIVE INGREDIENTS

Total Nitrogen (N)	6%
Available Phosphate (P ₂ O ₅)	18%
Soluble Potash (K ₂ O)	6%
Sulfur (S)	1%
Zinc (Zn).....	.05%

Do not mix with UAN.

9-18-9

9-18-9 is made with 100% orthophosphate, ammonium hydroxide, urea, and potassium hydroxide. This can be applied in-furrow, 2x2, foliar or y-drop. Also available with Ammonium Thiosulfate for an added 1% sulfur.

ACTIVE INGREDIENTS

Total Nitrogen (N)	9%
Available Phosphate (P ₂ O ₅)	18%
Soluble Potash (K ₂ O)	9%

Do not mix with UAN.

3-18-18

3-18-18 is made with 100% orthophosphate, ammonium hydroxide, urea, and potassium hydroxide. This can be applied in-furrow, 2x2, foliar or y-drop. Also available with Ammonium Thiosulfate for an added 1% sulfur.

ACTIVE INGREDIENTS

Total Nitrogen (N)	3%
Available Phosphate (P ₂ O ₅)	18%
Soluble Potash (K ₂ O)	18%

Can be mixed with UAN.

9-24-3

9-24-3 is made with urea, ammonium polyphosphate, diammonium phosphate, dipotassium phosphate, and iron EDTA. This can be applied in-furrow, 2x2, foliar or y-drop. Also available with Ammonium Thiosulfate for an added 1% sulfur.

ACTIVE INGREDIENTS

Total Nitrogen (N)	9%
Available Phosphate (P ₂ O ₅)	24%
Soluble Potash (K ₂ O)	3%
Iron (Fe)	0.1%

Can be mixed with UAN.

General applications for all starters

At planting: 2-3 gallons per acre for maximum efficiency.
 Early growth or with herbicides: Foliar apply 2-4 quarts.
 Available in 275 gallon totes and bulk.

“ My growers are looking for ease of use with the greatest efficiency. The Premium Blend in this package allows greater ROI and flexibility both as a starter and foliar - this is what growers are looking for. ”
