

## PRODUCT TECH SHEET

# HAY-NOW®

### Product description:

Hay-Now is a foliar applied liquid fertilizer containing NPK with Sulfur, Iron, and Zinc. It is specifically formulated to deliver readily available nutrients during the vegetative growth stages to enhance growth and root development. Hay-Now assists your hay crops and pastures during periods of stress to maximize production. Hay-Now is easy to use and can be tank-mixed with herbicides and pesticides. When diluted in water. Hay-Now is safe to apply to fields where animals are present.

### Application benefits

- Works on all grasses and legumes
- Can be applied with herbicides
- Easy to use and won't clog spray nozzles
- Enhances growth and root development

### Active ingredients

|   |      |
|---|------|
| Total Nitrogen (N) .....  | 7%   |
| 1.9% Ammoniacal Nitrogen ( <i>Ammonium Hydroxide</i> )            |      |
| 5.1% Urea Nitrogen  |      |
| Available Phosphate ( $P_2O_5$ ) ( <i>Phosphoric Acid</i> ) ..... | 9%   |
| Soluble Potash ( $K_2O$ ) ( <i>Potassium Hydroxide</i> ) .....    | 5%   |
| Sulfur (S) ( <i>Ammonium Thiosulfate</i> ) .....                  | 4.5% |
| 4.5% Combined Sulfur  |      |
| Iron (Fe) ( <i>EDTA</i> ) .....                                   | 0.2% |
| 0.2% Chelated Iron  |      |
| Zinc (Zn) ( <i>EDTA</i> ) .....                                   | 0.5% |
| 0.5% Chelated Zinc  |      |

### Directions for use

- Foliar apply Hay-Now anytime from early spring green-up through fall. If cutting, apply Hay-Now after every cutting with 2-3 inches of re-growth. If grazing, apply Hay-Now every 30-45 days. Suggested application rate is 1-2 quarts per acre. For us on all grass, hays, and legumes. Winterize your hay and pasture fields with 2 quarts in the late fall.
- Best if used with other Monty's products including starters, foliar, micronutrients, and biologicals. Ask your representative about specialized programs.
- See label for more detailed information.

### Physical and chemical properties:

Water solubility: 100%

Density: 10.8-12.9 lbs./gal. | Specific gravity ( $H_2O=1$ ): 1.30-1.55

Monty's products are recommended as supplements to your current farming practices and are not recommended to replace the nutrients typically added to the soil. We suggest taking a soil and/or tissue test, have a qualified independent lab analyze the samples to determine nutrient levels in your soils and plants, and then follow the recommendations of a qualified CCA, agronomist or dealer.

When tank mixing any Monty's product with other farm chemicals, always read and follow the label directions of the chemical(s) you are considering and administer a jar test and/or a strip test before adding Monty's to your tank mix. When mixing with other farm chemicals, tank mix Monty's only after diluting the chemical according to label directions. Knowing the chemical's "mode of action" (block photosynthesis) or metal content (copper based) will help determine the compatibility of Monty's.

FOR COMMERCIAL USE ONLY. KEEP OUT OF REACH OF CHILDREN. HARMFUL IF SWALLOWED. AVOID CONTACT WITH SKIN, EYES, OR CLOTHING.

Information regarding the contents and levels of metals in this product is available on the Internet at: <http://www.aapfco.org/metals.html>
