

MONTY'S SPRING NUTRIENTS

ENERGIZE YOUR CROPS WITH MONTY'S!

ADDRESS SOIL AND PLANT ISSUES TODAY... FOR HIGHER ROI THIS FALL!

Monty's offers essential products to address yield-robbing growing conditions including plant stress and nutrient deficiencies!

Every season has its challenges, and this season will be no different! Growers will deal with yield-robbing growing conditions including plant stress and nutrient deficiencies! The sooner these issues are addressed, the sooner yield loss can be reversed. Monty's line of specialty nutrients can help address these challenges.

Each product is engineered to provide quick results to overcome this season's issues. Use any or all of these products any time throughout the growing season.

For more information, contact your Monty's representative, visit montysplantfood.com, or call 800.978.6342 for more information.

PRODUCT INFORMATION

MICROHANCE®

Nutrient Package - Six Important Nutrients

Microhance offers a unique blend of Monty's technology designed to provide nutrients to the plant at any stage of growth, helping maximize the plant's yield potential.

- For the prevention and correction of micronutrient deficiencies
- Foliar apply at any stage of growth
- Apply to any crop being grown
- Great tank-mix flexibility with herbicides, insecticides, or fungicides
- 5 micronutrients used by the plant to enhance metabolism
- Nitrogen to enhance growth and green-up
- Apply during growing season to help prevent stress

ACTIVE INGREDIENTS

Total Nitrogen (N)	3%
Sulfur (S)	1%
Boron (B)	0.25%
Iron (Fe)	0.15%
Manganese (Mn)	0.25%
Zinc (Zn)	0.25%

SULFUR 15™

Liquid Ammonium Thiosulfate, Nutrient Supplement

Sulfur 15 is an 8-0-0 foliar fertilizer with 15% sulfur. Sulfur activates the enzyme and hormone systems for plant growth. Sulfur 15 is easy to mix, simple to use, and readily available. Consider the advantages of adding sulfur:

- Helps develop enzymes and vitamins in plant
- Promotes nodulation for nitrogen fixation by legumes
- Aids in seed production
- Is necessary in chlorophyll formation
- Is present in several organic compounds
- Sulfur and Nitrogen are both constituents of proteins and are associated with chlorophyll formation

ACTIVE INGREDIENTS

Total Nitrogen (N)	8%
Total Sulfur (S)	15%

AGRI-SWEET™ FG

Refined Sugar

Agri-Sweet is refined sugar that can be used for any application where you are currently using molasses or sugar. Consider these advantages:

- Tank-mix flexibility with farm chemicals
- Food source for soil microbes
- Quick, no-mess dilution
- Reduced nozzle problems
- Enhanced release of soil nutrients through microbial activity
- All-natural product

ACTIVE INGREDIENTS

Glucose	31%
Fructose	24%
(Derived from corn starch)	

For a sugar source plus nitrogen, contact your representative about Agri-N: Monty's sugar product with 14% added nitrogen.

K28™ LIQUID POTASH

Potassium Acetate, Nutrient Supplement

K28 Liquid Potash is a liquid form of potash designed to be a supplement for potassium deficient plants. Monty's nearly pH balanced formula can be applied 2x2 at planting and safely added to nitrogen solutions as well as most herbicides and fungicides for foliar application. Potassium is:

- Essential in photosynthesis
- Involved in regulating the opening and closing of leaf stomata
- Regulates CO₂ uptake
- Involved in the regulation of water in plants
- Component of the plant's protein and starch synthesis
- Important in the activation of many growth related enzymes in plants

ACTIVE INGREDIENTS

Soluble Potash (K ₂ O)	28%
-----------------------------------	-----

SURGE™ XD

Extreme Delivery Of Nutrients

Surge XD is designed for use with liquid fertilizers to facilitate nutrient uptake through the plant tissues.

- Designed to enhance nutrient uptake into the plant
- Contains Monty's proprietary humics & fulvics
- Foliar apply with liquid macro & micronutrients
- Foliar apply with herbicides, fungicides, & insecticides
- Tank-mix flexible

ACTIVE INGREDIENTS

Fulvic acid	0.45%
Humic Acid	1.0%
(Derived from Brown Coal)	

GENERAL APPLICATION INSTRUCTIONS

For each product, apply 2 quarts per acre during planting, or the vegetative and/or reproductive stages. Talk to your representative for specific application rates. Available in 2.5, 30, 275 gallon—and bulk sizes. Please check with your dealer for availability and application rates or visit www.montysplantfood.com.
