PRODUCT DESCRIPTION

Monty's Boron 10% is recommended for the prevention and correction of boron deficiency in all crops. Monty's Boron-10 is recommended for use on all soil types. The preferred use is soil application to prevent the deficiency although it may also be used as a foliar spray for correction.

DIRECTIONS FOR USE

Monty's Boron 10% may be applied in water, liquid fertilizers and suspensions, or with most pesticides. Application rates and dilution factors depend on crop sensitivity, the amount of foliage to be sprayed and the application method. Monty's recommends first taking a soil test to determine micronutrient levels in your soils. Application guidelines for one growing season in the absence of a soil test (mixed with a minimum of 15 gallons of water per acre):

- Foliar application: 1-4 pints
- Soil application: 2-6 pints

Net Contents - 2.5 US Gal (9.46 Liters)

Net Weight - 27 Lbs (12.5 Kg)

11.06 Lbs/Gal at 68° F
