

MANAGE YOUR CROP RESIDUE

Monty's has solutions for breaking down crop residue for next year's seed bed

POST HARVEST: How do you manage crop residue and breakdown issues that impact ROI?

Combines leave post-harvest residue.

Residue issues at planting.

Residue breakdown leads to future issues.

FEWER PLANTING ISSUES! How can Monty's help manage your residue issues?

Growers report that Monty's[®] Liquid Carbon[™] and Agri-Sweet[™] result in less resistance when planting the following season - with fewer residue issues.

We used Monty's products to help with residue breakdown. We have seen a lot of improvement - and the corn has held up better through the dry weather than our neighbor's corn!

Paul Talley, grower. To see the complete interview, go to www.montysplantfood.com.

APPLICATION RATES FOR CROP RESIDUE MANAGEMENT

Mix 2 quarts Monty's Liquid Carbon and 1 quart Monty's Agri-Sweet
